## About Us

We at NR Life Care are the top trader, manufacturer, exporter, and wholesaler of a variety of active pharmaceutical chemicals, active pharmaceutical ingredients, pharmaceutical bulk drugs, pharmaceutical raw materials, pharmaceutical tablets, syrups, capsules, oral suspension, and nutraceutical products. We provide these products for feed, food, nutraceutical, pharma, and other applications. The precise formulation, lengthy shelf life, high effectiveness, and absence of side effects of these products are well known. With the support of Mr. Jitendra Nakum (Director), we have been able to give our customers the highest level of satisfaction. Quality is what we value most.

Based in, Ahmedabad (Gujarat, India), we, NR Life Care, are a promising and reliable organization established in 2014, offering medicines including Antibiotic Medicines, Gastrointestinal Medicines, Anti Emetic Medicines etc. We follow ethical practices and keep in mind cleanliness and hygiene of our products. We have flexible payment modes for hassle free financial transactions. We render prompt delivery of medicines to our clients. Our skilled staff support us in satisfying our clients by supplying high grade medicinal products. With the matchless efforts towards regular quality inspection of our procured products, we serve clients with safe and prime products and gain their loyalty. We make medicines easily available with value for money to satisfy the demands of the customers. The shelf life of our offerings is higher if stored as per the instructions. With the aim to serve clients in best possible way, we have been profited with a good recognition among the players of the industry.
